- I PADOVA01 - UNIVERSITÀ` DEGLI STUDI DI PADOVA

Spots available: Maximum 5 per host university (for one semester or full academic year)

CALL FOR APPLICANTS ON THE AIRE PORTAL:"Erasmus 2027-2028 - Planthealth (self-funded students)"

DOCUMENTS YOU MUST SUBMIT WITH YOUR APPLICATION:

a) Transcript of records of higher education degrees (bachelor's and, if applicable, master's), submitted during the application process to be admitted into the European Master's degree Plant Health, with an explicit reference to the average grade obtained.
b) English language certificates (level B2 of CEFR or above).

GENERAL REQUIREMENTS

The General Requirements are outlined in the document "Bases Generales" of the current call for applications.

Particularly important: to be a self-funded student in the European Master's degree PlantHealth (i.e., student receives no other Erasmus scholarship from the PlantHealth Consortium)

SPECIFIC REQUIREMENTS

a) Academic requirements

To complete successfully all the courses of the winter semester of the master's degree at UPV (September 2026-February 2027), as defined by the program:

Course content | PlantHealth - European Master's Degree in Sustainable Cropping Systems (upv.es)

b) Language requirements

English B2 of CEFR or higher.

Any document or certificate accepted during the process of admission to the Master's Degree PlantHealth will be considered valid. However, only certificates listed in Annex II of the present call for applicants will be considered as a merit for the ranking formula described below.

RANKING OF APPLICANTS / SELECTION PROCESS:

Ranking formula for the allocation of spots:

The spots available in the host universities will be allocated based on the ranking formula described below.

0,50 x Grade + 0,50 x Language

Grade = Average Grade of the undergraduate degree used to be admitted into the Master's degree in Plant Health. The grades of international degrees will be translated into the Spanish grading system using the following conversion table. For countries not included on the list, the conversion charts to be applied will be those provided by the Spanish Ministry of Education.
Language = Points will be allocated for each official language certificate of level A2 of CEFR or higher, as established in the chart below:

	Official certificates
C2	10 points
C1	8 points
B2	6 points
B1	4 points
A2	2 points

It is possible to accumulate points for different languages up to a maximum of 10 points. In cases where multiple official certificates are provided in the same language, only the certificate with the highest level will be considered.

For the purposes of ranking, only language accreditations attached to the electronic application within the official application period will be considered.

Selection process:

- Announcement of the provisional allocation of assigned spots: between 15 January and 31 January 2027

  It will be uploaded in the button See Instructions of your Erasmus application file in the AIRE portal. and students will be informed by email

- Period to file an appeal to the provisional allocation of spots: 10 days starting on the day after the announcement of the provisional list, by email to mobility@upv.es
