# CONDITIONS FOR THE DEVELOPMENT OF THE PROJECT MASTER/BACHELOR THESIS

(Form to be signed by the student's home coordinator)

The students who come to develop a Master/Bachelor Thesis at the School of Industrial Engineering (UPV) will receive the necessary guide and help from their supervisors here.

Furthermore, **they are supposed to defend their projects in front of an Examination Panel as well as our regular students do**, and would be given a mark as a result of their work. This defence will last about 15 minutes, and there will also be a question time.

This way their academic record will be completed and the teacher will be recognised as having led the project.

As responsible person of the academic exchange, I agree with the condition of our students of making a defense as a requirement for doing the Master/Bachelor thesis at the School of Industrial Engineering (UPV).

Student's name	
Home University	
Coordinator's name	
Date:	
Signature of coordinator & stamp	

**REMARK: To be sent by the student to the International Office ([internacional@etsii.upv.es](mailto:internacional@etsii.upv.es)) after signature.**
