

International Summer School 2017

Co-designing Better Urban Living and Wellbeing

29 May– 9 June 2017 Lahti, Finland

Green Energy Green Care Green Tech Green Design

Are you interested in how to combine urban living with nature and wellbeing?

Our Summer School is aimed for students interested in environmental issues with either technical, business, design or social and health care background.

Summer School has **Bachelor** and **Master** level study programmes.

Credits

The 2-week study programme consists of lectures, workshops, excursions, teamwork and writing an article in a summer school publication. Completing the whole programme gives **5 ECTS**.

International Experience

We will have staff and students coming from 10 – 20 different countries.

WELCOME TO FINLAND!
