Introduction to the degree

The degree in Conservation and Restoration of Cultural Heritage provides you with the practical skills you will need in the future when working to conserve and restore works of art such as paintings, sculptures, books, textiles, ceramics and archaeological artefacts.

This degree course integrates science, new technologies and art, enabling you to develop skills and abilities that combine tradition and innovation, directed at conserving artistic heritage.

International mobility

The School currently has ties with the most representative important centres lude renowned institutions like Scuola dell’Istituto Centrale per il Restauro (Italy), Opificio delle Pietre Dure (Italy), l’Institut Royal du Patrimoine Artistique (Belgium), Centre de Recherche et de Restauration des Musées (France), Fachbereich Konservierung und Restaurierung (Germany), Instituto Nacional de Antropologia e Historia (Mexico), Smithsonian Institution (United States) and the Instituto del Patrimonio Cultural (Spain), among others.

Internships

As a student enrolled on the degree course and with the direct, continuous and personalised support of the faculty members, you will have the opportunity to practice your skills and abilities on works of art through internships which are an essential introduction to the workplace. There are internships available at the Faculty itself, at the UPV’s University Institute for Heritage Restoration or off-campus at different companies and institutions in Spain and abroad.

Continuation of studies

With this degree, you will be able to access to:

MD in Conservation and Restoration of Cultural Heritage

GCRBC

UPV Master’s degrees

other MD + levelling subjects

Professional opportunities

You will be qualified to undertake heritage work for museums and public institutions. You will also be able to work as a freelancer managing restoration projects, drafting technical reports, etc.

And yet another option would be to work in secondary education as a teacher of artistic or technical drawing, plastic arts, etc.

Study at the UPV and be part of Spain’s best technological university according to the Shanghai ranking

You can do up to 40 sports in our facilities. You will find many services at your disposal: language classes, discounts in public transport, counselling, employability support…
