<p>Want to know more about us?</p>	
<p>How do we teach art?</p>	<p>The main characteristic of the art teaching in the Faculty of Fine Arts is the way the artistic work is conducted by the teacher in the framework of the subject program (example).</p> <p>Students do not have a permanent own space in the faculty (individual studio spaces), neither a workshop dedicated exclusively to the students' single work. However, they can use the workshops (metal and woodwork, painting, foundry, photo set, etc.), cameras for loaning out, with the authorization of the teacher.</p> <p>Subjects are organized in groups between 20 and 40 students per class. This entails a limitation of subjects' places for students (exchange and non-exchange). It also entails a well-structured subject program</p>
<p>Students enjoy</p>	<p>University Campus: As part of one of the most prestigious Technical Universities in Spain, students benefit of a huge range of facilities and services (such as Sports Area, Medical Service, Language Center, etc.)</p> <p>Subjects in other school/faculties: Exchange students can select up to 20% credits in subjects from other schools/faculties UPV (such as Architecture, Design Engineering, etc.). This can be an asset for students looking for diverse curricula.</p>

	International Experience: The Faculty of Fine Arts receives every year about 120 exchange students coming from 25 countries.
