

**9th IEEE International Symposium on Diagnostics for Electrical
Machines, Power Electronics & Drives**

List of Special sessions

| | Title | Organizers |
|------------|---|--|
| SS1 | <i>Fault tolerant power converters, electrical machines and drives</i> | <p>Fiorenzo Filippetti, fiorenzo.filippetti@unibo.it</p> <p>Luca Zarri, luca.zarri2@unibo.it</p> |
| SS2 | <i>FPGA-based fault-tolerant control and condition monitoring of electrical machines</i> | <p>Shahin Hedayati-Kia, shahin.hedayati.kia@u-picardie.fr</p> <p>Laurent Capocchi, capocchi@univ-corse.fr-corse.fr</p> |
| SS3 | <i>Advanced artificial intelligence approaches applied to fault characterization and classification for electrical machines diagnostic purposes</i> | <p>Luis Romeral Martínez, luis.romeral@upc.edu</p> <p>Juan Antonio Ortega Redondo, juan.antonio.ortega@upc.edu</p> |
| SS4 | <i>Failure prognosis methods in electrical drives</i> | <p>Elias Strangas, strangas@egr.msu.edu</p> |
| SS5 | <i>New developments in monitoring and diagnosis in wind generation systems</i> | <p>Martín Riera- Guasp, mriera@die.upv.es</p> <p>José A. Antonino Daviu, joanda@die.upv.es</p> |

Submission procedure and deadlines

| | |
|------------------------------------|-----------------------|
| Provisional full papers: | March 1, 2013 |
| Notification of acceptance: | April 26, 2013 |
| Final manuscript due: | June 14, 2013 |

All the instructions for paper submission will available on the conference website
<http://sdemped13.upv.es>
