

## Post Graduate Internship at Syngenta (The Netherlands)

Syngenta is one of the world's leading companies with more than 24,000 employees in over 90 countries dedicated to our purpose: bringing plant potential to life. Through world-class science, global reach and commitment to our customers we help to increase crop productivity, protect the environment and improve health and quality of life. For more information about us please go to [www.syngenta.com](http://www.syngenta.com)

The Dutch headquarter of Syngenta Seeds is based in Enkhuizen, near the Dutch coast approximately 50 km North of Amsterdam. For the Germination and Vigor test development team we are looking for a highly motivated **post graduated intern** to participate in different seed germination and vigor test development projects

---
