

DAY OF WELCOME

What is it?

The Welcome Seminar is the first step of a student in the architecture career. In it, the school opens to new students, allowing you to meet your new classmates before classes begin.

In this session you will be informed of everything you need to start the course on the right way, and the different resources that will make your entry into university life easier will be made available to you.

In addition, you can learn about the facilities of the School and learn how to use the resources of the Campus, making the most of them.

We encourage you to participate in this day, and we are waiting for you in the ETSA Aula Magna on Monday, September 2nd.

- 09:30 What is the School of Architecture and what is the degree? What are you facing? Presentation of the Center and the career. Introduction to the First Course, its methodology and contents.
