

How to use the academic calendars

- As exchange student, some of the sections doesn't applied to you, as:
 - 1. Matrícula
- The School of Computer Science (ETSINF) has two different academic calendars. What does it means?
 - Depending on the subjects you follow, one calendar or other will apply.
 - Usually all your courses would be from degrees (II, LD, ITIS and ITIG), so please check the calendar with name "Calendario II-LD-ITIS-ITIG 2011-12".
 - Only if you follow any subject with code beginning with "11" is from the degree "Grado", so please check the calendar with name "Calendario grado 2011-12".
- Please note that if you follow any subject from other school or faculty, some details from the academic calendar may vary.
