# FIRST JOB OPPORTUNITY FOR THE NEXT GENERATION OF IP PROFESSIONALS

EPO, via the **Pan-European Seal Young Professionals Programme (Pan-Seal YPP)**

- co-operates with university partners in fostering IP learning,
- promotes a vibrant IP culture in Europe for knowledge and innovation-based growth,
- offers an attractive/competitive first employment opportunity for young professionals at the EPO,
- grows IP talents and supports the development of IP expertise across Europe.

Every year **100 graduates** from partner universities join the EPO, bringing background in different areas:

**Science and engineering**

**Information Technologies**

**Human resources and business administration**

**International relations and communication**

**Economics and finance**

**Law**

## WHAT WILL I DO AS A YOUNG PROFESSIONAL?

### As a young professional,

you will join a dynamic environment for your first employment experience, contributing to **real projects** and **meaningful work** from day one.

You will apply your knowledge in practical situations, collaborate with experienced colleagues, and see the **impact of your ideas**.

Alongside **hands-on tasks**, you will benefit from structured **development opportunities** that help you grow professionally and personally, explore different business areas, and build a strong network for your future career.

### In particular,

if you have a **STEM background** and join the **patent grant process**, you will take on complex technical and **intellectual challenges** that shape the future of innovation.

Working side-by-side with experienced patent examiners, you will gain **insight into cutting-edge technologies**, apply rigorous analytical thinking, and help **protect pioneering ideas** – developing skills that position you at the forefront of technological progress.
