Information

This section consists of 2 tasks.

WRITING TASK 1

An English speaking friend who you met at a summer camp last year has invited you to stay at his house for a week. You are going next month and you have received an email from him making some last minute arrangements.

Read his e-mail and the notes you have made *(in italics)*. **Then write your reply <u>in your own words</u> using all your notes.**

From: **Simon Townshead**
Subject: **Your visit**

I'm really looking forward to your visit next month. I know you don't arrive until Saturday afternoon *(no - Saturday morning)*, but maybe we could go out somewhere. What do you think? Any suggestions? Will you be too tired after your flight? *(great idea!)*

You told me that you've been to Manchester before, so I thought we could visit another part of the country for a couple of days. Do you have any suggestions? *(London because....)*

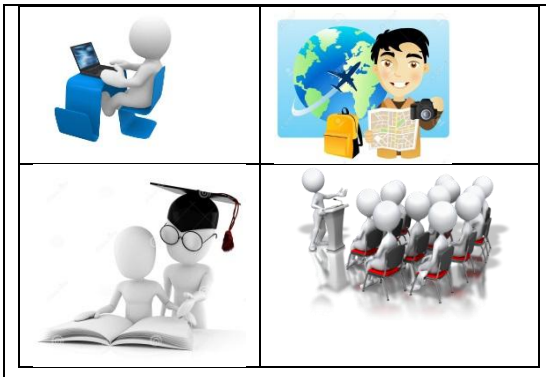

The best way to get around is by train, although it is expensive. Let me know what you think. Is there anything else you would like to ask? *(price of accommodation in London?)*

I'm really excited about your visit. Write to tell me what time your plane arrives and I'll pick you up at the airport. *(when? Where do we meet?)*

See you soon
Simon

Write between 150 and 200 words with appropriate style.

WRITING TASK 2

You have been asked to write an article of about 200-250 words for a student magazine talking about your language learning experience. Include the following points in the article:

- Describe two methods you can use to learn languages.
- Analyse the advantages and disadvantages of each method.
- Suggest improvements that could be made to language learning methods.

Write your ARTICLE in 200-250 words and in the appropriate style and register.
