INTRODUCTION TO IT SERVICES

IT Support

Username

- ★ Also known as “login”
- ★ In your email address: before @
 - Usually part of your first name and surname.
 - Example: jotamsol@epsg.upv.es → jotamsol
- ★ You can check it at the Intranet > Services > Network services > Network user

User and command

Information for: Tamarit Sala, Joan

These are your credentials to connect to the UPV network, which you will have to enter following this syntax `jtamsal@alumno.upv.es`

User	JTAMSAL
Command	ALUMNO

[Change of Key](#)

Login screen

To access many of the services you need to be logged in.

- You can use username, passport number or UPV email address. Also a digital certificate.
- Click on “Need help?” in case of trouble.

The screenshot shows the 'Iniciar sesión' (Log in) page for the INTRANET UPV. At the top, there are language links: VA, ES, EN. The page title is 'Iniciar sesión'. The main form is titled 'INTRANET UPV' and 'Introduce tu usuario y clave' (Enter your username and password). It contains two input fields: 'Usuario' (Username) and 'Clave' (Password), with a visibility toggle icon. Below the form is a red 'Iniciar sesión' (Log in) button. At the bottom of the form, there are links for 'Forgot your password?' and 'Need help?'. A section titled 'Otros métodos de autenticación' (Other authentication methods) includes a red 'Certificado digital' (Digital certificate) button. A note at the bottom states: 'Por razones de seguridad, por favor cierra tu sesión y tu navegador web cuando hayas terminado de acceder a los servicios que requieren autenticación' (For security reasons, please log out and exit your web browser when you are done accessing services that require authentication). A link 'Need help?' is also present. A note at the bottom of the page says: 'Si tienes algún problema con la nueva autenticación, por favor comunícalo y, mientras tanto, puedes identificarte en la intranet usando la autenticación antigua.' (If you have any problems with the new authentication, please report it and in the meantime you can log in to the intranet using the old authentication).

The screenshot shows the 'Log in' page for the INTRANET UPV. At the top, there are language links: VA, ES, EN. The page title is 'Log in'. The main form is titled 'INTRANET UPV' and 'Enter your username and password'. It contains two input fields: 'Username' and 'Password', with a visibility toggle icon. Below the form is a red 'Login' button. At the bottom of the form, there are links for 'Forgot your password?' and 'Need help?'. A note at the bottom of the page says: 'If you have any problems with the new authentication please report it and in the meantime you can log in to the intranet using the old authentication.'

Forgot your password?

At login screen click on "**Forgot your Password?**" (*¿Has olvidado tu clave?*)

It takes you to a screen asking for your passport and phone number.

After confirmation you will receive an SMS with instructions.

INTRANET

Access via web or app

- Identification
 - DNI / NIE / Passport

- Addresses:
 - <https://www.upv.es>
 - <https://www.epsgr.upv.es>

App miUPV

★ Where to get it

- **miUPV** in Google Play
- **miUPV** in App Store

★ Student UPV card

- Identifies you as member of the UPV community.

★ Access to many services

- Intranet
- Calendar, directory, qualifications, ...
- Library, sports, ...
- And much more

Photograph

- ★ Necessary for some services, for example Poliformat
 - Upload from miUPV app

Changing your password

★ Option 1: Intranet > Services > Network services

- *Students password management*
 - In a mobile device the Intranet must be shown in "desktop mode"

★ Option 2: Classroom computer

- *First log in and then press Ctrl+Alt+Supr*
 - Choose "Cambiar contraseña"

COMPUTER LABS

- Windows logon screen:
 - Username
 - Password
 - Domain: **ALUMNO**

Computers can be monitorized from the professor's computer

REMOTE ACCESS

★ At the university: WIFI

- Wifi **UPVNET**: The “good one”. All services. Login with ***mylogin@alumno.upv.es*** and password. Requires configuration.
- Wifi UPV-PUBLIC: For visitors. Restricted services. Easy to connect, with a spanish telephon number you get a temporary password.

Instructions: <http://wifi.upv.es>

★ From outside, through your ISP

- Some services requiere that you connect using a **VPN access** which requires a two factor authentication (2FA).

Instructions: <http://infoacceso.upv.es>

TWO FACTOR AUTHENTICATION (2FA)

- ★ Password + additional authentication on your phone.
- ★ Mandatory for students.
- ★ Two ways of operation:
 - With an App: **Microsoft Authenticator**.
 - With a telephone call.
- ★ How to configure it and more information:
 - <https://www.upv.es/id/374> (instructions)
 - <https://www.upv.es/id/373> (configuration)

E-mail

(1/3)

★ Office365 email account.

★ E-mail address:

- `username@epsg.upv.es`

★ What is `username@upv.edu.es`?

- It's **Microsoft 365 user ID**.
- You need it to enter Microsoft 365 services.
- It can be used as email but it's not the official email address.

E-mail

(2/3)

★ Send/receive emails:

- Web: <https://email.upv.es>
If necessary, redirects to the UPV login page
- **miUPV** app
 - Menu > Email UPV
- From mobile devices: i.e. Outlook for iOS or Android
- From PC: for example Outlook or Thunderbird.
For more information visit the UPV wiki
<https://wiki.upv.es/confluence/x/LgBfLw>

E-mail

(3/3)

★ Redirection

- It can be redirected to an external account.
- Configurable at <https://email.upv.es>
 - Settings > Email > Forwarding

Microsoft 365 – Microsoft Teams

- ★ Includes Office 365 and 50 GB storage in OneDrive.
- ★ Microsoft Teams: videoconference and online classes. 
- ★ Microsoft ID: **username@upv.edu.es**
- ★ How to access:
 - Intranet
 - <https://o365.upv.es>
 - Desktop app Teams

OTHER SERVICES

(1/2)

★ Unit W:

Remote disc space. 2 GB.

Available automatically on computer lab PCs.
Useful if working on different computers.

\nasupv.upv.es\alumnos\<initial>\<username>

Access through the Internet (read only):

https://alumnos.upv.es/<initial>/<username>

Authentication with `username@alumno`

OTHER SERVICES

(2/2)

★ Polilabs

- <https://polilabs.upv.es>
- Remote desktops and applications.
- Better experience if you install UDS Client
- Allows to use software installed in computer labs or with restricted licences.
- If outside UPV you'll need VPN to UPV or configure 2FA in Polilabs. Well explained in Polilabs help.
- It is recommended to work with disk W:

★ Software

- <https://software.upv.es>
- Software available for students.
- Student licenses for Microsoft, Autodesk and others.
- Antivirus.

HELP AND INFORMATION

★ Gregal:

- Troubleshooting.
- Appointment request.
- <https://gregal.upv.es> or miUPV app.
- <https://www.epsgr.upv.es>
- Servicios -> Servicios informáticos.

★ IT offices:

- H-108, H-110, H-112, H-113 and H-002
